COMPSAC 2018 - SETA Symposium
Software Engineering Technologies & Applications
www.compsac.org

The Software Engineering Technology and Applications (SETA) symposium is the flagship IEEE symposium on software engineering technologies, and an integral part of the IEEE COMPSAC conference. Following the “smart” theme of COMPSAC 2018, we encourage submissions on the use of smart technologies to support software engineering activities as well as software engineering techniques and tools to cope with technical challenges of smart systems development and pervasive computing in general. The submissions are expected to be high quality research papers that describe original, unpublished work on any topic related to software engineering technology including but not limited to empirical and theoretical work on software engineering, conventional software engineering and also work on emerging topics.

Authors are invited to submit original, unpublished work presenting research and novel computer applications in full-paper format (10 pages, inclusive of figures, tables, appendices, etc). The review and selection process for submissions is designed to identify submissions that break new ground and provide substantial support for their results and conclusions as significant contributions to the field. Submissions will be selected that represent a major advancement in the subject of the symposia. At least one author of each accepted paper is required to register to the conference and to present the paper in person at the conference.

Please note that SETA submissions should also follow policies from the COMPSAC conference (e.g., plagiarism). Simultaneous submission to other publication venues is not permitted except as highlighted at COMPSAC C1J2 & J1C2 Schemes page. Accepted papers may be invited to prestigious journal(s) for extension after consideration from the COMPSAC conference.

COMPSAC 2018 ORGANIZERS

Standing Committee Chair: Sorel Reisman (California State University, USA)
Steering Committee Chair: Sheikh Iqbal Ahamed (Marquette University, USA)

General Chairs:
Shinichi Honiden (NII, Japan)
Roger U. Fujii (Fujii Systems, 2016 IEEE Computer Society President)

Program Chairs in Chief:
Jiannong Cao (Hong Kong Polytechnic University, Hong Kong)
Stelvio Cimato (University of Milan, Italy)
Yasuoka Okabe (Kyoto University, Japan)
Sahra Sedigh Sarvestani (Missouri University of Science & Technology, USA)

Workshop Chairs:
Kenichi Yoshida (University of Tsukuba, Japan)
Ji-Jiang Yang (Tsinghua University, China)
Hong Va Leong (Hong Kong Polytechnic University, Hong Kong)
Chung Horng Lung (Carleton University, Canada)
Local Chair: Hironori Washizaki (Waseda University, Japan)

SETA SYMPOSIUM

Co-Chairs:
W.K. Chan (City University of Hong Kong, HK)
Hong Zhu (Oxford Brookes University, UK)

Program Co-Chairs:
Ian Bayley (Oxford Brookes University, UK)
Yan Cai (Institute of Software at Chinese Academy of Sciences, China)
Patricia Machado (Federal University of Campina Grande, Brazil)

IMPORTANT DATES *

Submission deadline: 15 January 2018
Author Notification: 31 March 2018
Registration Due: 15 May 2018

(* Check COMPSAC website for the latest dates.)
